

Alcohol Policy

As outlined by the Utah Department of Alcoholic Beverage Control (DABC)

Our sales managers will guide you through Utah's legal requirements and help determine the best bar and beverage option for your event.

DABC Definition of Cash Bar

- Any and all events where cash is exchanged for alcohol and/or admission paid to attend, whether collected onsite or offsite.
- Single Event Permit must be procured from the DABC.

DABC Definition of Hosted Bar

- An event that guests attend via invitation only.
- NO cash is exchanged on or off site for attendance to the event or for alcohol.
- Event is closed to the general public.
- No DABC permit required.

DABC FAQs: abc.utah.gov/laws/law_more_faqs.html

Hosted and Cash Bar Policies:

All liquor, wine, or "heavy beer" must be purchased from the DABC controlled outlets. No alcohol served may be purchased out of state. Beer with an alcohol content of 3.2% or less may be purchased from grocery store outlets. The client may purchase and deliver DABC compliant products directly to the event or to our facility. The client may choose to hire UFS to purchase, store and transport the alcohol for a minimum procurement fee of \$50. UFS may help estimate the type and quantity of alcohol required for your event, but we are not responsible for the final amount purchased. At the conclusion of the event, DABC regulations require any remaining alcohol to remain with the client.

Cash Bar Additional Requirements:

If the event requires a cash bar, the client must apply to the DABC to purchase a single event permit. The DABC website states that the single event permit must be applied for well in advance as the approval committee meets only once per month. UFS will assist you through this process.

Bar Labor Costs

Procurement Fee (minimum) _____ \$50 min
Purchase, storage and delivery of alcohol.

Tips Certified Bartender _____ \$35 per hr*
Three hour minimum required plus one hour to set-up and breakdown. We recommend one bartender to every 100 guests.
